

Cilindros para vending Vending locks

Gama Mini / Mini range

Con la llave **Mini8** de perfil restringido, el operador dispondrá de un código propio o amaestramiento que le permitirá abrir todas sus máquinas aunque éstas sean de distintos fabricantes.

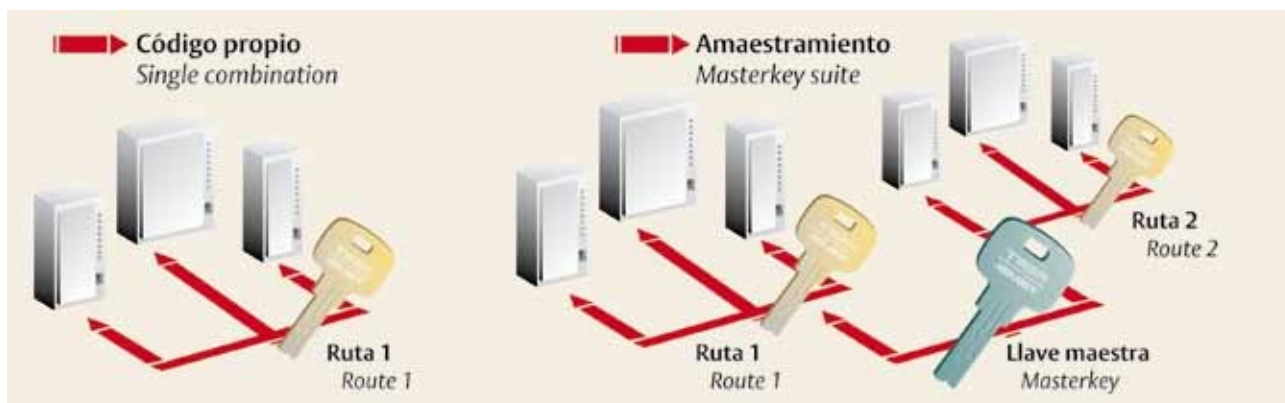

Características:

- Cilindro de latón.
- 8 pitones.
- Llave de alpaca plana reversible.
- Estria protegida.
- Amaestable hasta 1.700 unidades por maestra.
- Hasta 1.679.616 distintos.
- Acabado níquel.

With the **Mini8** key with restricted profile, the operator will have its own combination or masterkey suite to open all his vending machines even if these are from different manufacturers.

Characteristics:

- Brass cylinder.
- 8 pins.
- Nickel silver dimple reversible key.
- Protected profile.
- Masterkeyable for up to 1.700 units per master.
- Up to 1,679,616 different codes.
- Nickel finish.
